

Registration Form

Name

Designation

Organization/Company

Phone/Fax Number

Address

Cheque / Bank Draft Number

Signature

This form and your cheque / bank draft should reach us before October 15, 2010 to qualify for early bird registration.

Form and fees to be sent to:

Secretariat of ACTM 2010

Center of Research for Power Electronics, Drives, Automation and Control (UMPEDAC)

Level 4, Faculty of Engineering

University of Malaya

50603 Kuala Lumpur, Malaysia

Tel: (+603) 79675380/5305

Fax: (+603) 79677637

E-Mail: wpheew@um.edu.my or yy_sia@yahoo.com

Event Venue/Location

The venue of the ATCM 2010, Le Meridien Hotel KL Sentral, is located in the Kuala Lumpur Sentral precinct - a major transport interchange adjacent to the city centre. Hotel guests enjoy direct access to the new 78-kilometre state-of-the-art express rail service between the new Kuala Lumpur International Airport and Kuala Lumpur Sentral Station (KL City Air Terminal). The journey from the city centre to the airport takes 28 minutes.

**15th Asian Technology
Conference in Mathematics**
December 17-21, 2010
Le Meridien Hotel, KL Central

KUALA LUMPUR

Initiated by
International Program Committee of ATCM

Hosted by
Centre of Research for Power Electronic,
Drives, Automation and Control ,
University Malaya (UMPEDAC)

ATCM 2010

Highlight of ATCM

"Linking Applications with Mathematics and Technology "

The Asian Technology Conference in Mathematics (ATCM) was founded by Professor Dr. Wei-Chi Yang in Singapore in 1995. The series of conferences have been successfully held annually by various institutions around Asian Pacific regions. This is the third time ATCM being held in Malaysia (ATCM 1997 was hosted by USM and ATCM 2002 was hosted by Multimedia University at Melaka). With wonderful support from participants around the world as well as software and hardware developers, the conference has created a platform for all the scholars to exchange information in integrating the evolving technological tools into teaching and research of mathematics.

The conference will consist of plenary, special, and invited sessions, short paper and poster sessions, and hands-on workshop sessions on software and hardware relevant to mathematical teaching, learning and research. Books, software and hardware will also be on display.

"It is not simply how well students can perform in a test, it is how they can explore mathematics when technological tools are timely adopted in teaching, learning and research, and expand their mathematics knowledge horizon to a higher level." Come and join us to see how mathematics can be linked to sciences and engineering through technology at ATCM 2010 with the theme of 'Linking Applications with Mathematics and Technology'. We sincerely welcome all school teachers, university lecturers, researchers and etc. to join us celebrating this special 15th anniversary of ATCM to be held in Kula Lumpur.

Call for Papers

We invite you to submit original and unpublished work to the conference for review. Each submission will be reviewed and the author(s) will be notified of recommendation by the International Program Committee.

Important Notes

1. Papers should address the conference theme and to be written in English.
2. Each full paper must have, in addition to the paper content, an abstract, and no author information (just a title).
3. Each full paper will be reviewed and recommendation will be sent to the author(s) before or no later than September 15, 2010.

Important Dateline

Dateline of abstract submission: 15 July 2010

Dateline of full paper submission: 30 August 2010

Accepted abstracts and refereed Full Papers will be published at the Proceedings of ISSN 1940-2279 (CD) and ISSN 1940-4204 (Online).

Detail guideline and information for the paper submission can be found via: <http://atcm.mathandtech.org/call4submissions.htm>.

Event Details

Selected Topics during Conference

The conference will cover a broad range of topics on the application and use of technology in Mathematics research and teaching. These include:

Teaching Mathematics with technology
Internet technology for Mathematics
Dynamic Geometry software
Computer Algebra Systems in Mathematics
Assessment in Mathematics using technology
Mathematical research using technology
Statistics using Dynamic Statistics Software
Multimedia & Mathematics and a lot more

Participants

Participants include professionals, academicians, educators, non-academicians, researches, students as well as interested individuals.

Registration Fees

The full conference rate includes one reception, three lunches, six tea breaks, one conference dinner and one half day tour. Registered and paid participants will receive a hard copy of accepted abstracts and a CD contains plenary and invited abstracts/papers, refereed and accepted Full Papers.

Registration (before 15 October 2010)

Malaysian Participants : RM800
Students Participants : RM600 (Excluding conference dinner)

Registration (after 15 October 2010)

Malaysian Participants : RM1000
Students Participants : RM600 (Excluding conference dinner)

All checks or bank orders should be made payable to

Unit Bendahari Universiti Malaya

Please do not send cash.
